

State of Minnesota

Christopher Roller

(Plaintiff)

vs.

Allina Health Systems

(Defendant)

Judicial District: 4

County: Hennepin

File Number: 05-6530

Cast Type: Civil

Amended Complaint 2

In the records from Allina, Mishra had mentioned a pending court date with the Secret Service for the Clinton joke/threat. I believe Mishra is type 9 and was conspiring to try to cage me before I can collect my magic pot of gold, like my David Copperfield lawsuit.

I would like to add medical mal-practice to the charges for wrongly calling me mentally ill. This also falls under the statute of limitations following...Minnesota statute 541.15(a)(2) states that on a disability occurs during the statute of limitations, that the limitation is extended for five years. I was declared disabled (Social Security) on February 18, 2002, although technically, April 4, 1999 is when I first became mentally disabled via the conspiracy. The statute extends this statute of limitations to Nov 1, 2007.

I reserved the right for the \$ amount I'm suing for. New amount is \$10,000,000,000,000 (\$10 trillion). 99.9% of this is based on the previous "Amended Complaint - Conspiracy" against a godly entity.

Respectfully submitted,

Date: _____
