Bob,

I agree. I recommend seeking a restraining order against Chris, both for your workplace and your home. Get law enforcement involved.

Clint / Regina,

This came in my mail from Chris Roller today. I consider this to be a threat and will be treating it as such. I am forwarding it to both of you in accordance with our conversation last September.

Please contact me if you have any questions. My work and mobile numbers are in Outlook.

Ya know, you want to joke about me bringing in a shotgun to work, to warn you so you can stay home.....and did this in front of everybody at work.

You should've kept me in your back pocket, hidden and protected.

Especially when I have a site called ivote.com, and had mentioned the Presidency!

I'm dangerous alright - my brain is dangerous - and it's armed with the knowledge of how to sue.

The Sheriff shot me, and now we need to investigate why I nearly died!

The day of reckoning is approaching, dumb convict!
