Memo in Opposition to Motion to Dismiss

ARGUMENTS

James Randi makes an offer to the entire world. Prove the paranormal exists and you win \$1 million. He's not just doing business in Florida, but the entire United States, and the entire world.

Take a look at exhibit [EDITH ROTHERMEL, German Homeopathy Applicant](#).

"I have contacted Dr. Martin Mahner of GWUP (<http://www.gwup.org/>) in an effort to arrange preliminary testing."

JREF has a representative in Germany to conduct the test.

Exhibit [IAN CONGER, Ouija Board Applicant](#)

"I told Ian to contact OREGONIANS FOR RATIONALITY to arrange for a test, and he did so quickly..."

JREF has a representative in Oregon to conduct the test.

Exhibit [IGOR AFRIKYAN - Compass Manipulator](#)

"Randi and I discussed your challenge. Randi is going to ask CSICOP Russia to handle your testing since they are much closer to you. Could we have your mailing address please?"

JREF has a representative in Russia to conduct the test.

Exhibit [VADIM KUZMENKO, Russian Telekinetic](#)

However, in order to find someone in Russia to act as the JREF representative and test you, we must have some evidence that you can actually demonstrate your claim.

We will write to Dr. Valery Kuvakin today and ask him if he can assist us with the investigation of your claim, and act as the JREF's representative.

ZDRAVYI SMYSL (Common Sense)

Contact: Dr. Valery A. Kuvakin

Novatorov 18-2-2

JREF has another representative in Russia to conduct the test.

Exhibit [ANGELOMARIA CAPOCCIA, Guessing Game](#)

The next step in the process is for you to make direct contact with Massimo Polidoro, our associate in Italy. His email address is polidoro@*****.

Mr. Polidoro is most qualified to handle your claim, and to finalize with test protocol, in Italian, which seems to be the best way to expedite matters.

JREF has a representative in Italy to conduct the test.

Then I found this exhibit [IGOR](#). In it is listed a number of organizations.

- Australian Skeptics
- NY Area Skeptics
- Tasmania Skeptics
- Tampa Bay Skeptics
- Sr Buella of the Argentinean Skeptics
- New Mexico Skeptics

So, I did a search for Minnesota Skeptics and found this exhibit [International Network of Skeptical Organizations](#). These are the world-wide contacts for JREF.

- Minnesota Skeptics, Robert W. McCoy, 549 Turnpike Rd., Golden Valley, MN 55416.
- St. Kloud ESP Teaching Investigation Committee (SKEPTIC), Jerry Mertens, Coordinator, Psychology Dept., St. Cloud State Univ., St. Cloud, MN 56301.

These are the JREF's contacts for Minnesota. JREF has a representatives throughout the United States and throughout the world.

Wow, there sure are a lot of contacts/organizations set up world-wide to investigate stuff that doesn't exist. You know, I could almost find this case humorous if it wasn't for the fact I'm getting bent over by the judges in all my cases. Prime example - Judge Noel.

JAMES RANDI DECLARATION

In James Randi's declaration, he states:

"JREF owns no real or personal property in Minnesota, maintains no bank accounts there and is not licensed to do business in Minnesota."

I believe him, but he did not say he's never had a bank account in MN. It's very easy to close out an account, and then state you don't have an account. It's very easy to sell real property and then claim the present fact, disregarding the past. So one needs to be careful of the wording. It's not just what's being said, but what's not being said. Notice he says "maintain" an account. That's a questionable word. I've had a bank account open, yet never did anything with it for 5 years, essentially not "maintaining" it. JREF is not licensed to do business in Minnesota. Again, the word "never" would've been nice to hear.

"JREF has no office and conducts no business in Minnesota."

Again, the phrase "never conducted any business in Minnesota." would've been nice to hear. James' phrase indicates the present. The statement "James Randi has never conducted any business in Minnesota." also would have been nice to hear, but he didn't state that. Wording is very important. As I have shown above, Randi has affiliates and peripheral contacts located throughout MN, to investigate his paranormal claims of Minnesotans who have challenged his JREF paranormal challenge. Unfortunately, Judge Noel stayed discovery to prevent me from getting my interrogatories answered, so I had to open up another case against James Randi for possible patent infringement. In it, I'm asking him these questions, to clarify what he

means. I believe Randi has conducted plenty of business in Minnesota, especially if "conduct business" infers trying to kill me occasionally. Very bizarre - I've submitted documents accusing James Randi of trying to kill me, and he doesn't want to make a statement denying it, like "James Randi has never attempted to kill Chris Roller." I asked some very unusual questions in my interrogatories. Judge Noel put a stop to that real quick, before the fess-up phenomenon coughed up the ugly truth. From everything I've submitted to the defense, this is what I expected as a declaration...

1. James Randi doesn't appreciate the questions Chris Roller asks him, nor the allegations that he knows anything.
2. James Randi is not a con man.
3. James Randi has never conducted any business in Minnesota.
4. JREF has never conducted any business in Minnesota.
5. James Randi has never opened a bank account in in Minnesota.
6. James Randi has never owned real estate/property in Minnesota.
7. James Randi has never attempted to kill Chris Roller.

8. James Randi does not hire freaks or help other companies hire freaks with godly powers.
9. James Randi does not have godly powers.
10. James Randi does not have any knowledge of the use of godly powers for financial gain on planet Earth.
11. James Randi has no knowledge of any immoral behavior committed through the use of godly powers.
12. James Randi has no knowledge of immoral behavior committed against Chris Roller through the use of godly powers.
13. James Randi Educational Foundation does not have and has never had a field representative (person, associate/partner, or associate/partner company) located in Minnesota for the purpose of investigation of paranormal claims submitted via the JREF Paranormal Challenge.
14. JREF has never contacted Minnesota Skeptics or Robert W. McCoy for the purpose of investigation of paranormal claims submitted via the JREF Paranormal Challenge.
15. JREF has never contacted St. Kloud ESP Teaching

Investigation Committee (SKEPTIC) or Jerry Mertens for the purpose of investigation of paranormal claims submitted via the JREF Paranormal Challenge.

16. James Randi Educational Foundation has never had any Minnesotans challenge the JREF Paranormal Challenge.

17. James Randi does not believe Chris Roller is a godly entity exhibiting paranormal godly powers.

18. James Randi does not believe Chris Roller is God.

19. James Randi does not know how Chris Roller became god because it isn't true.

20. James Randi does not know when and how Chris Roller got godly powers because he doesn't have any.

21. James Randi did not counter James Hydrick's gifted powers to "expose" him.

22. James Randi has no reason to keep godly powers a secret. In fact, James is on TV talking about a Nobel prize issued if anyone can prove it.

23. When James Randi said "Be brave" in that email, it meant be brave and take on a corrupt legal system full of lawyers and judges who have godly powers.

24. James Randi has no idea why school shootings are taking place at an alarming rate.

25. James Randi has no idea how 9/11 was conspired.

26. James Randi knows no magicians with godly powers, and is in denial about David Copperfield.

27. James Randi knows of no poisonings to Chris Roller.

28. James Randi doesn't know who tried to kill Chris Roller in 1999 because it probably didn't happen cause he's nuts.

29. James Randi knows of no media conspiracies against Chris Roller.

30. James Randi knows of no legal professionals for which have conspired against Chris Roller.

31. James Randi knows of no psychiatry professionals for which have conspired against Chris Roller.

32. James Randi knows of no case numbers of people that filed

suit against JREF in 2006 because James was just making that up.

33. James Randi knows of no church conspiracies against Chris Roller.

34. James Randi knows of no relationship between Chris Roller on psychotic drugs and the escalation of autism in the United States.

35. James Randi knows of no magic (godly powers) used to promote and fight the Iraq War (ex. WMD's hype promoted via magic will-power) (ex. IEDs planted/detonated with godly powers) (ex. suicide bombers raised after they die).

36. James Randi knows of no phenomenons exhibited with godly powers because that would make him a hypocrite and a fraud.

37. James Randi knows no methods (magical/non-magical) used to convince people Chris Roller bad (false prophet).

So, I would like another declaration by James Randi with above statements.

Now, I realize the defense doesn't have to make another declaration (not forced), but it really is very simple to make these statements in another

declaration, unless of course, the statements would be lies, and James can't lie to Chris Roller. So, if I don't see another declaration by James Randi, come dismissal hearing, with these simple statements denying Chris Roller's allegations, I think we can all infer what that means.

CONCLUSION

JREF has minimum contacts with Minnesota and throughout the United States and throughout the world. His challenge is not for just Floridians, but for the world. I can't believe I've got to pursue this challenge in a Florida courtroom for a contract posed world-wide. I oppose the motion to dismiss because the defendant meets personal jurisdiction via minimum contacts.

Respectfully submitted,
