Affidavit of Chris Roller

On July 14, 2011, I was aggressively arrested for alleged terrorist threats upon court administration including judges. I, Chris Roller, hereby states under oath, that I did not make any terrorist threats against anybody on that day, and I have a truthful explanation for the incarceration of Chris Roller that day. This entire document is declared under oath.

This all stems back from the past. Most of the legal employees are molesting Chris Roller children and getting away with it. Chris Roller has millions if not billions of children on this planet via immaculate conception, and many of the lawyers and judges are unhappy with this deceptive population, so they proceed to try to embarrass me by molesting them over the past years. There has been this build up of anticipation of Chris Roller blowing up, perhaps going postal as a result of this molestation embarrassment. This is in combination with continuous lawsuits, that Chris Roller has filed, and have been dismissed and thrown out with continuous judgment against Chris Roller in all his lawsuits. The continual build up of disrespect towards Chris Roller has led to anticipation that Chris Roller will do something destructive including harming somebody physically, despite the fact that Chris Roller has no track record of doing such a thing.

This is also despite the fact that Chris Roller has filed lawsuits upon lawsuits trying to seek justice, but the legal representatives know that they will continually judge against Chris Roller in any of his legal matters. This continual disrespect toward Chris Roller's legal endeavors has led to the anxious awaiting of Chris Roller going postal.

Chris Roller does not go postal except in the legal system. Chris Roller does things nonviolently, and all legally, including submitting this affidavit explaining the truth and why the incarceration of Chris Roller on July 14, 2011.

Redwood Falls became aware that Chris Roller was preparing to leave the state to start over figuring this is a hard battle to win in which all the judges are molesting Chris Roller kids while discarding

all legal attempts to discover this and stop it. But Redwood Falls wasn't through with Chris Roller yet. They wanted to further embarrass him some more. There was a conspiracy among top key officials in Redwood Falls to make sure that Chris Roller gets treated with further disrespect. These people include Judge George Harrelson, Judge Michelle Dietrich, Sheriff Randy Hansen, Chief of Police Mark Dressen and his wife, Brenda Dressen. These people have in the past molested Chris Roller's children. Just to be clear, Judge George Harrelson, Judge Michelle Dietrich, Sheriff Randy Hansen, Chief of Police Mark Dressen and his wife, Brenda Dressen have molested Chris Roller's children. Unhappy that Chris Roller hasn't gone postal, they coordinated together to try to upset him more, in hopes that he would go postal. Judge Harrelson denied Chris Roller justice when suing a church for tithing fraud because Chris Roller is God and should get some of the tithing. Harrelson in smartass fashion denied Chris Roller any money stating matters of God should not be attended to in the courtroom. Harrelson intentionally did this in smartass fashion so that Chris Roller would get pissed off and go postal. When that didn't work, Harrelson filed an order of protection for the same church against Chris Roller hoping that then Chris Roller would go postal. When that did not work Judge Harrelson coordinated with Judge Michelle to make sure that Chris Roller's children are not protected. This would make a second time an order protection for my children has been denied. This was all in hope that Chris Roller would go postal. Now in addition to these actions by the justice system, there was hope among many people in the legal system that Chris Roller would go postal. You see Chris Roller has a very powerful Wish gene, and the mere expectation of God to go postal can play a role in actually making that happen. In this manner, there was a conspiracy to intentionally hope harm (this has been happening for years) for Chris Roller. The expectation was so high that when I inquired about the state's intention "to Piss me off", but that was all they needed to hear. They got the morsel they needed to hear. Then Brenda and Mark Dressen in combination with Sheriff Randy Hansen coordinate with the legal officials in the town of Redwood Falls to make sure that they would set up a lynching by making up additional words that Chris Roller said, claiming that Chris Roller threatened to shoot Brenda and some judges when in fact that's complete lie, an intentional lie. I will be asking for is a protection against the two judges who denied my children protection. You see the two judges are molesting my children. No wonder they didn't want my children protected, because they're assaulting them as we speak.

Chris Roller was ready to leave town with his tail between his legs with the understanding that the state of Minnesota has beaten Chris Roller. But the state of Minnesota could not leave Chris Roller alone in his quest for peace. They orchestrated a lynching with intentional lies in the hope that Chris Roller would go to jail permanently. They would accuse Chris Roller of fifth degree assault of a 14-year-old

minor to further piss him off in hopes that he goes postal. And of course, initiate a \$50,000 bail based on the lie that Chris Roller assaulted a 14-year-old child, hoping that would put Roller in jail because he cannot afford \$50,000. But first, since Roller cannot afford \$25,000, make stupid conditions fully booby-trapped so Roller will sure go bust. But all the lies are perpetrated by the state of Minnesota for the purpose in hopes of Chris Roller going postal. This is the reason why Chris Roller is treated like crap in the justice system - the State of Minnesota is intentionally harassing Roller with the hope that he go postal. The \$50,000 bail is in hope that Chris Roller stays in jail, bail he cannot afford this because the legal system does not pay him for TruthUnderOath service, a perjury prevention service which defines why Chris Roller is God. On that note, the justice system continually denies Chris Roller any compensation for this miracle in hopes that Chris Roller will go postal, or hoping somebody can actually kill Roller, which is probably impossible. Chris Roller has had cases against 30 defendants and has not had one trial by jury it, all in hope and great expectations that Chris Roller go postal. I'm sure not a day goes by that the Judges aren't laughing because nobody pays Roller for his TruthUnderOath service. The chuckling is also in hope that Roller goes postal. If you ask anybody about Chris Roller's plight they'd be shocked to find out that he is not gone postal by now, which is precisely why the legal system does what they do to Chris Roller. I'd love to tell a jury about my plight, which is why the justice has never given me a trial, because the goal is keep Roller away from winning, and that means staying away from juries, cause Roller will sure win in front of a jury. This case will also get dropped before trial, because the State of Minnesota knows this fact, or if it goes there, Roller will win.

Well, Chris Roller is now going postal with the truth. Chris Roller is going to do is post this affidavit on the Internet to let everybody know what happened with Chris Roller's improper incarceration in hopes of informing the public about the justice system. The public should be aware of the truth of why the legal system conducts themselves the way they do toward Chris Roller.

And I'm going to let the public know that the justice system molests Chris Roller's children and gets away with it - because Chris Roller's endeavors to get the justice and legal system has been continually denied by the judges and lawyers and police and sheriffs throughout the state of Minnesota in the United States. When Chris Roller goes postal, what he does is a post horrific truth about people on the Internet so that they then will be embarrassed, like they tried to do to Chris Roller. You see, if the justice system wants to harm Chris Roller's future in employment prospects (with felony accusations), then Chris Roller's going to do the same to the officials who are hurting him.

Since this is court record is public information, then it can be posted to the Internet so the public can be aware of the justice system. If I get affidavits countering the truth I've stated, I will gladly take my affidavit down, correct my statements, and make an apology. In the past, judges and lawyers are resistant to answering any of my question (because they cannot, because it's ture), so I'm just going to state the truth, and if I see sworn statements countering my statements, then I will be re-educated, but until then, my statements are solid truth.

If you don't like what I'm saying, file perjury charges, because it is the only thing Chris Roller has "perhaps" done wrong in years, as Chris Roller did not commit any crimes on 14July2011.

I, Chris Roller cannot believe what has happened in the past two months, and will do everything possible to make sure that the public understands what judges and lawyers and other court administration and police officials and sheriffs are doing to Chris Roller's children and what they trying to do to Chris Roller in hopes of further truth and injustice.

Respectfully submitted,
